Huttig to Distribute KLEER® Products in Four Markets

St. Louis, Mo – Huttig Building Products announced today an agreement with The Tapco Group® to distribute Klear® brand products from four different Huttig branch locations servicing nine states.

Huttig will distribute Klear's PVC trimboard with TruEDGE® technology, sheet goods, mouldings, adhesives and accessory products plus Klear's Sierra and Coastal series of decking, from its locations in Elkhart, IN; Columbus, OH; Nashville, TN and Jackson, MS.

"We're excited to align ourselves with the Klear team," Robert Pearce, Huttig East Region Vice-President, said. "Having a single PVC solution in these markets for so many exterior applications aligns perfectly with our 'one-stop for what you need' philosophy."

Manufactured from 100% cellular PVC, Klear products can be cut, milled, shaped and fastened just like wood. In addition, the innovative TruEDGE® technology provides sharper, cleaner edges that resist dust and dirt. Impervious to insects and moisture, Klear products are made in the USA and feature a limited lifetime warranty.

"As a company, we're focused on making it easy for dealers to stock and sell our products, so when selecting a distributor; we wanted to find someone with that same focus. We believe we've found that in Huttig and look forward to a successful partnership with them," Jack Delaney, Klear National Sales Manager for The Tapco Group, said.

Klear products will be available from the four Huttig branch locations by early April.

###

Huttig Building Products, founded in 1885, is a leading domestic distributor of millwork, building products and wood products used principally in new residential construction and home improvement, remodeling and repair work. Huttig has relationships with leading manufacturers and distributes its products through 27 wholesale distribution centers serving 41 states. The Company's wholesale distribution centers sell principally to building materials dealers, national buying groups, home centers and industrial users, including makers of manufactured homes. Huttig is a publicly-held company traded on NASDAQ under the symbol "HBP". For more information on Huttig, visit www.huttig.com.

Klear products are manufactured by The Tapco Group, a leading provider of easy to install, premium interior and exterior products, which include roofing, siding, decking, trimboard, tool systems, egress systems and siding components.
